What is your heart for Journey Church?

I believe in the transformation and development path that Journey Church has been on over the last decade. I attended CLS and First Assembly's Royal Rangers and love to see how our church has grown and evolved to be more relational to the everyday person, not just the long-term tenured and experienced born-again Christian. In my opinion, it is important to be a church that is open to the community and welcoming of all people—to ensure as much as possible we represent the true meaning of agape (unconditional love). Even though I fall short on this, I firmly believe my participation and the encouragement I receive weekly from our pastoral team helps me be a better Christian to all I am surrounded by.

What is your heart for Journey Church?

Journey's vision of "Making it easy to find and experience God" resonates with me. We are blessed with excellent biblical teaching complimented by a variety of opportunities to serve. My faith has been stretched and encouraged by so many in our church body who have put their faith into action and followed the Holy Spirit's leading. As a longtime volunteer at Journey Kids, my heart is for the coming generations to recognize the saving power of Jesus and to experience God through His word and service.
